**EUROLITE** Clear & Coated Tubing for the 21st Century  
Cleaner • Stronger • No premature fading or staining • Environmentally friendly (No Lead)  
Be a step ahead of the rest, specify EUROLITE when only the best will do!  
Glass lengths - EUROLITE & COLOURED - 1500mm : SODA - 3050mm

This colour chart is as accurate as the printing process will allow.  
Neon products EGL and Julia cannot accept responsibility for variations between these colours and illuminated tubes.  
The colours shown should be used as a guide only a pumped tube is best to use to show realistic colours

# It is not recommended to fill phosphor coated tubing with neon because it may cause a colour shift over time

Tecnolux - Combining a group of 8 companies dedicated to the neon industry and manufacturing in five countries, 4 of which are in Europe. Tecnolux have an in-depth knowledge of the industry, having been making products since 1950. Suppliers of clear and coloured glass with and without coating Tecnolux are a world renowned manufacturer.

EGL, operating and supplying around the world since the 1920s. Manufacturing in New Jersey from an 80,000 sq ft facility, products are supplied to 75 countries around the world.
