DESCRIPTION:

FLEETCLEAN ULTRA is a powerful alkaline pressure washer concentrated additive, designed with controlled foam levels to ensure a free rinsing finish and effective degreasing action. Suitable for use with hard or soft water machines.

Pre Dilute with water between 5 parts and 10 parts with water before use.

DIRECTIONS FOR DILUTED FLEETCLEAN ULTRA:

AUTOMOTIVE: Suitable for cleaning all makes of cars, vans, lorries, tankers, curtain sided vehicles, commercial vehicles, etc. **FLEETCLEAN ULTRA** removes heavy layers of traffic film, grease and dirt, and is ideally suited for removing built up grease in the engine compartment. **FLEETCLEAN ULTRA** is also highly effective for pre-MOT testing on chassis and under body areas.

INDUSTRIAL: **FLEETCLEAN ULTRA** cleans vehicles involved in the transportation of meat and other foodstuffs. Odour free and non-tainting formulation enables use both internally and externally.

Can be used for a variety of cleaning applications:

Patio, driveways, concrete and stone pillars and ornaments, concrete and tiled floors, paintwork, plastics, If you have an application you require a heavy duty chemical cleaner for which is not listed either contact us direct to ask if suitable, test area first.

DILUTION RATES:

Examine the job in hand. The dilution rate of **FLEETCLEAN ULTRA** will vary according to the degree of cleaning power needed. Use the chart below for guidance:

Pre-dilution:

Light soil	1:10
Medium soil	1:6
Heavy soil	1:2

Pre-dilute **FLEETCLEAN ULTRA** before filling detergent feed tank. Adjust the detergent feed rate to achieve the cleaning action required. Rinse off immediately with plenty of clean water.

N.B. Do not allow concentrated **FLEETCLEAN ULTRA** to dry onto the surface or staining may result.
