INSTRUCTIONS:

CITRI-CLEAN

CITRUS BASED CLEANER/DEGREASER

DESCRIPTION

Environmentally friendly **CITRI - CLEAN** is the very latest breakthrough in cleaning technology.

CITRI-CLEAN is a naturally derived product containing citric acid.

CITRI - CLEAN gives powerful cleaning performance yet is safe for the user and the environment.

CITRI - CLEAN is rapidly biodegradable to EEC standards.

CITRI - CLEAN has been specially formulated for maximum cleaning power, without becoming a hazardous and classified product.

CITRI - CLEAN is fast-acting to remove even the most stubborn soiling with ease.

APPLICATIONS

Fast acting formula removes dirt, grime, diesel oil, food oil, fats, grease, tobacco film, body fat, engineering oil, etc. quickly and safely from all surfaces.

The cleaner for floors, walls, plant equipment, machinery, dip tanks, vehicle valeting, upholstery and carpets etc. Ideal boat and vessel cleaner. Can be diluted with fresh and salt water. For decks, fish rooms, heavily soiled paintwork or light rust. The ideal bilge cleaner.

Suitable for use on Brass, Bronze, Ceramic Tiles, Concrete, Copper, Ferrous Metals, Fibre Glass (GRP), Glass, Linoleum, Marble, Nylon, Gloss Paint, Stoved Enamel Paint, Polyethylene, Polypropylene, Polyurethane, PVC/Vinyl, Rubber, Stainless Steel, Steel, Stone, Terrazzo, Vitreous China.

Recommended for use in schools, colleges, hotels, offices, airports, factories, shops, shopping centres, ferries, bars, nightclubs and public houses. Effective on porous and hard surfaces.

We recommend to test area of fabric or carpet and other sensitive surfaces before use.

METHOD OF USE

Carpet & Upholstery cleaning: In an extraction machine follow instructions according to the machine and add **CITRI - CLEAN** into the reservoir tank as usual.

For spot cleaning, Normal use - 1 part of **CITRI - CLEAN** to 10 parts of water.

Heavy duty - 1 part of **CITRI - CLEAN** to 1-5 parts of water.

General Cleaning: Use undiluted if required or may be diluted with up to 100 parts of water for extreme economy use. Dilute with either hot or cold water, either fresh or salt water.

Apply a solution onto the surface and leave for several minutes, agitate if required and rinse away with plenty of clean water.
