

NON-SILICONE VINYL GEL

TYRE, VINYL AND RUBBER DRESSING

- **WEATHERPROOF –LEAVES A LONG LASTING FINISH.**
- **ADDS VALUE - LEAVES “NEW LOOK” FINISH.**
- **SILICONE FREE - BODYSHOP SAFE.**

DESCRIPTION

A solvent based dressing for vinyl, rubber and plastic on cars.
Free from silicone oils.

APPLICATIONS

Brings bumpers back to a new finish.
Covers whitening on bumpers and plastic trim.
Leaves a high gloss finish on tyres.
Enhances the appearance of trim on vehicles.

METHOD OF USE

Concentrated formulation designed for maximum economy in use.
Clean the surface to be treated.
Use NON-SILICONE VINYL GEL undiluted and apply a thin film onto the surface using a clean brush to leave an instant water repellent finish.
NON-SILICONE VINYL GEL can be applied through trigger spray applicators if required. Do not overspray.
