

LEMON ESSENCE

CONCENTRATED BACTERICIDAL AIR FRESHENER

- SUPER CONCENTRATED FRAGRANCE OILS.
- SOLUBILISED - SIMPLY DILUTE WITH WATER.
- RANGE OF FRAGRANCES FOR ALL TYPES.

DESCRIPTION

Lemon fragrance oils solubilised with special agents to make them water soluble. A bactericidal agent has been incorporated in the products.

APPLICATIONS

Air fresheners for all uses.

Use as a top up for pot pourri bowls.

Dilute according to taste and use through trigger sprays to freshen the air. Used by hotels, nursing homes, theatres, cinemas, bingo halls, ferries, car valeting trade, guest houses, etc.

DIRECTIONS

Can be used undiluted as a pot pourri freshener.

Dilute with between 10 parts to 200 parts of water depending upon the level of fragrance required.

GENERALLY - 30mls of concentrate in a 750ml trigger spray topped up with water will result in a strongly fragranced air freshener.
