**ikinci bölüm : elision :**

*There are a few words in the Turkish language which change their form and lose letters when they take a suffix (apart from the plural). Most are either of Arabic origin or are body words or both!*

ağız ağzın

alın alnın

omuz omzler

göğüs göğsüm

### **Üçüncü bölüm : Sıra sende : (it's your turn) :**

**Make some plurals :** Yasemin will ask you to make some of the words for parts of the body into the plural form.

**Possessives revisited :** With two prompts eg a name and picture number or a pronoun and picture number you will give the possessive form
